DATE 11/2/16

Sub: National Survey on Resources devoted to Scientific & Technological (S&T) activities - 2015-16 reg.- Extension of Last Date for Submission of Form - 15th March, 2016

Dear Sir/Madam,

As you are aware that, the Department of Science and Technology (DST), Government of India, is conducting the national S&T survey 2015-16, data for which is being collected online through a web based application with the URL <<http://nationalsandtsurvey.nstmis-dst.org/>>.

You may have received your user id and password and have submitted the Survey form or are in the process of doing so. The last date for survey was earlier 15th February, 2016.

However, the last date for online submission of forms has now been extended till 15th March, 2016 for providing more time to respondents owing to the feedback received from organisations and also to have wider coverage.

Your participation and early response in this national S&T survey exercise will be highly appreciated. Please note that the Last Date for submission of form is now 15th March, 2016.

I look forward to your kind cooperation.

With kind regards,
Yours sincerely

(Dr. Parveen Arora)
