Sub: - Orientation for Post-Entry Quarantine (PEQ) Inspection Authority – reg.

Dear Madam/Sir,

The global trade in plants, bulbs, seeds and other planting material is increasing and this increased the risk of entry and establishment of alien plant pests into the country. In an effort to prevent establishment and spread of invasive alien plant pests in to the country, Directorate of Plant Protection, Quarantine & Storage (DPPQ&S) has entrusted the responsibility to Inspection Authorities notified in Schedule XI of Plant Quarantine (Regulation of import into India) Order, 2003 to carry out post entry quarantine inspection of imported planting materials under their supervision in a confined area for specific period. The programme will benefit Inspection Authorities of State Agriculture / Horticulture Universities, scientists of ICAR and officials of DPPQ&S involved in Post-Entry Quarantine activities.

NIPHM has been designated as a nodal Centre by Department of Agriculture, Cooperation and Farmers Welfare, Ministry of Agriculture and Farmers Welfare, Government of India to build capacity in the areas of plant biosecurity, which includes post entry quarantine activities. To build capacity in Post Entry Quarantine, NIPHM is organising a training on "Orientation for Post Entry Quarantine Inspection Authority" from 13th to 17th March, 2017.
