CIRCULAR

College of Agriculture, NAU, Bharuch is a premier emerging colleges in the field of Agriculture. We are in the process of developing logo for the college. It is our heartily appeal to all the staff members of Navsari Agricultural University, Navsari to contribute their ideas/views/structural design in the development of meaningful logo for COA,NAU,Bharuch. For the understanding of the college, I am zoting down a brief introduction about COA,NAU, Bharuch.

College was established in 12th April, 2012 by Navsari Agricultural University with the financial support of Government of Gujarat in the bay of Holy and Sacred river Narmada(Rewa). It is a "land of Bhrugurushi and Kanyalal Munshi." The college aims at providing a congenial learning environment and quality teaching at undergraduate level through it's B.Sc(Hon's) Agri degree programme as well as developing cutting-edge technology especially for Cotton, Pigeonpea and other Pulses with upgrading the existing and disseminating the approved technologies to the stake holders in Gujarat as a whole and Bharuch and Narmada districts in particular.

Again, I take the privilege to request you to send your ideas in the form of LOGO for our college through email(princoab@nau.in or dmpathak@nau.in) as early as possible.

Your co-operation will be highly solicited.

Thanking you.

(K.G.Patel)
