Counseling Corner – The Helping Hand

Everyone has a story and especially the life story of a student is full of twists and turns. We strongly believe that sometimes it just requires active and empathetic listening to make or break a life. Considering this, our HRD Faculty has pioneered this helping hand by offering a free zone wherein students can share their pain and pleasure, express their likes and dislikes, ventilate out their ill feelings and also relate their volatile experiences. The caring, concerned and healing approach is such that the students feel relaxed, recharged and rejuvenated. *Come, Share, Open Up, as we are listening..... Dil Se...*

Reading Room – The Learning Resource Centre

In addition to Reading Room facility at the very rich University Central Library; Institute has also developed fully furnished airy and spacious Reading Room just adjacent to the Class Rooms to stimulate reading habit amongst the students. Selected textbooks and reference books are also made available to enable our students to get ready reference at the doorstep of the institute.

Activity Room

Located on the ground floor, this is a lively free-zone place wherein students can take rest; discuss their ideas with others, exchange pleasantries, etc.
