# **Transfer of Technology**

#### 1. Krishimelas/Field Days/Farmers shibirs etc.:

The scientists of the centre visit cotton fields and give guidance to the farmers for proper cultivation of cotton in the state. They also organize and participate farmers' day, farmers' shibir, krishimelas, farmers' training etc. either on farmers' fields or respective sub-centres. Training programme for extension officials, State Seed Certification Agency personnel are also organized. In addition to this guidance is provided to farmers through correspondence, distribution of leaflet / booklet and Radio, T.V. and Satellite Krushi Goshti.

#### 2. Demonstration plots:

#### **Summary of Front Line Demonstrations plots on Cotton during last five years**

Years	No of FLDs	No.of Successful FLDs	Success %	Seed Cotton Yield (Kg/ha)		% increase over check
	allotted			FLD	Control	
2007-08	75	71	95	1959	1732	13.10
2008-09	100	90	90	1745	1535	13.68

#### 4. Awards and honors:

The scientists of the research station have been conferred with salient awards and honours including the most prestigious Padmashree to Dr. C. T. Patel, the inventor of Hybrid 4 received many other awards and honours instituted by National/State organizations. Besides Dr. C. T. Patel, Dr. N. P. Mehta, Dr. U. G. Patel and Dr. V. Kumar were also honored with several awards and sanman patra including Sardar Patel Awards given away to Dr. U. G. Patel.

The scientists of this university have been conferred with several prestigious state level and national awards for their meritorious awards.

#### **Dr. C. T. Patel received following Awards.**

1	Padmashree Award confined for exemplary contribution to Agriculture by the President of India	1973
2	Tata Endowment Award for outstanding achievement in agriculture by Indian Merchants Chamber of Bombay.	1974
3	FICCI Award for individual initiative in agriculture by Federation of Indian Chamber of Commerce and Industries, New Delhi.	1974
