Navsari Agricultural University
Navsari.

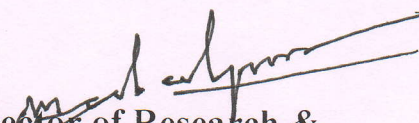

Sub. : Regarding inefficient use of land and irrigation facilities at farms of NAU.

Ref.: NAU/PSVC/Field visit/1016-20/2013 **Dated:** 24.09.2013

In context to above cited subject and reference, you are hereby advised to make necessary arrangements to use available land and irrigation facilities at the earliest. It has been observed by Honourable Vice-Chancellor, NAU, Navsari that many plots are put fallow during his visit to various farms of NAU. Moreover, you have even not taken care for green manuring during *kharif* season. These observations reflect your negligence and lack of commitment towards your services. Therefore, you are hereby strictly warned to avoid such negligence in future and take immediate and appropriate steps to bring whole available cultivable land under cultivation.

Further, it has also been noted that you show more land under irrigation than actual land under irrigation, which is highly objectionable as it gives an opportunity to raise audit objections and also does not reflect actual cropping intensity.

Hence, you are instructed to submit your reply in relation to above cited observations to the undersigned within 7 days from the date of receipt of the letter.

**Director of Research &
Dean P.G. Studies**
