### **Important Notice of NAU Webmail**

Department of Information Technology, NAU is migrating webmail services from hotmail(live.com) to google(google.com). Director of IT has approached every individual to take backup of the mail for all webmail accounts, as soon as this backup process get completed Department of IT will process for setting up new webmail services with google.com

Once the successful configuration is made by Department of IT we will resume our nau webmail towards google.com and Office of Director IT will launch the guideline for creating new mail accounts. For, next 3 days the webmail services of nau.in will remain close. Department of IT is regret for the inconveniency.

We are doing this migration for the better webmail services as google is providing best user interface as well as good administrative panel for managing this services.
