Sub: National Seminar on Biodiversity Conservation and Farming Systems for Wetland Ecology on 22-23 February, 2017-reg.

Sir,

With reference to the above mentioned subject, it is my pleasure to inform that the Regional Agricultural Research Station, Kumarakom, Kottayam, a constituent research centre of Kerala Agricultural University is organizing a National Seminar on 'Biodiversity Conservation and Farming Systems for Wetland Ecology' on 22nd and 23rd February, 2017. The seminar aims to bring together scientists, professionals, students and organizations all over India for exchange of valuable research information on various aspects of wetland ecosystems. The various sessions cover different sub-theme areas viz., Integrated farming systems, Biodiversity conservation and genetic resource management, Biotic and abiotic stress management, Socioeconomic issues and livelihood security, Agricultural Engineering interventions and Postharvest technology.

I request that wide publicity of the seminar brochure (attached) may kindly be given among the Scientists/Faculty members/Research Scholars/Students of your esteemed institution. **The last date of online submission of papers is extended to 10th December 2016.**

We solicit your kind co-operation to make the National Seminar a grand success. The details of the programme are also available in the seminar website (www.nsbc.kau.in).

Thanking you

Yours sincerely

--
