**Subject: Internet Service Registration for Students.**

Department of IT were closed Internet Service Registration process due to some server migration, data refinement and development aspects. Now, all the activities related to Internet Service Registration for students were resolved. Student are now able to Register internet services as well as they may apply for "NO DUE CERTIFICATE" online. Hence, Deans / Principals are requested to circulate following notice in college notice board as well as hostel notice board for informing all the students of NAU.

Director IT, NAU, Navsari.

## Internet Services for NAU Students

To avail Internet Services, Students are required to Register for Internet. In the same way while students are completing his/her studies he/she required close this services and required to obtain NOC (No Due Certificate) from IT Department. Following are the process for internet services.

- Student required to Register from NAU website for obtain Internet Account.
- After Registration student required to take Printout, affix photograph and Send Registration Form through proper channel.
- Once, IT Department is activating student account, user will receive Username and Password on Registered Mobile Number.
- For, Closing Internet Service / Obtain "NO Due Certificate" / NOC, students required to apply Online.
- Once, IT Department will close the Internet Services, student will receive SMS for closer of the services.
- Once, student is receiving SMS for Closer of his/her Internet Services, he/she required to collect NOC copy from IT Department.

Note: If user will use mass bandwidth, watch videos during office hours, restricted content, proxy software, bot software, etc. Firewall will suspend his/her account as well as block such computer/laptop/mobile. In such cases students required to send justification letter through proper channel for activation of such account.

In case of trouble with Internet Services call to University Intercom Number 02637-282771-75 (Ext: 1325)
