Subject: Internet Service Registration for Staff.

Department of IT were closed Internet Service Registration process due to some server migration, data refinement and development aspects. Now, all the activities related to Internet Service Registration for staff is resolved. The staff member who is looking for internet account may required to enroll in "NAU Online Tour Management System" first. Once, such user will login to their "NAU Online Tour Management System", they will find "Apply for Internet" link in home page to process further.

ITCell has linked "NAU Online Tour Management System" software with internet login accounts. The linking process will took place bases on the provided common email address or mobile numbers in both software. In some of the cases details were not matched or account was not found under "NAU Online Tour Management System". For such cases internet account were suspended. If, users were finding difficulties kindly approach ITCell in office hours or call to intercom number 1325.

In few cases internet account of few staff member's were observed entertainment videos during office hours, restricted content, proxy software, bot software, etc. Firewall were suspend such accounts. Such users required to send justification letter through proper channel for activation.

Director IT, NAU, Navsari.
