Subject: Episode about Pesticide-Myth Vs Realty on ABP News Channel

Dear Sir,

We feel pleasure to inform that our company has taken the initiative to rebut the mis-propaganda being spread by the vested interest NGOs. We have made a 13 episode program which is already on air on ABP News Channel on every Saturday (1230 hrs.) and Sunday (1730 hrs.).

In the same series the episode of **Pesticide-Myth V/s Reality** will be telecasted on 24th March Saturday at 12.30 pm and repeat telecast on Sunday 25th March at 1730 hrs.

We will be thankful for circulating it to all your members in your contacts with a request that they also circulate this message to their contacts further as it is very very important subject for awareness of the general public. The Government experts are participating in this episode and clarifying the myth before the viewers. The Experts are Dr. Sandhya Kulshreshtha, Consultant Pharma CIB & RC, Dr. K. K. Sharma, Network Coordinator, All India Network Project on Pesticide Residue, IARI and Dr. D. Kanungo, former ADG Ministry of Health.

However, in case due to any reason the episode is missed and do not get time to watch on that day then it may be viewed on You Tube also later.

We will be grateful of you for your valuable feedback.

Your Sincerely,
For Dhanuka Agritech Limited

(R.G.AGARWAL)
(Chairman)
