AGRIVISION:

Agriculture is the base of Indian economy. In total 70 people depend on agriculture for their livelihood and employment. In present scenario, the environmental protection and sustainable development of agriculture are the main focus of the growth. As well as the agricultural research and education system should be based on Indo - centric themes with trans disciplinary research and sustainable exploitation of our resources, balancing with natural environment and ecological security.

NAVSARI AGRICULTURAL UNIVERSITY:

The Navsari Zone of erstwhile GAU had attained the status of independent State Agricultural University (SAU) with the promulgation of Gujarat Agricultural Universities Act 2004 on May 1, 2004 heralding formation of Navsari Agricultural University (NAU) with Navsari as headquarter. NAU's jurisdiction covers seven districts of South Gujarat viz., Narmada, Bharuch, Surat, Tapi, Navsari, Dangs and Valsad. The University has made remarkable growth in its tripartite activities i.e. Education, Research and Extension Education and simultaneously also made tremendous growth in infrastructure and Human Resource Development since its inception. It deals with agriculture, horticulture, animal husbandry and veterinary science, agricultural engineering, agribusiness management, agricultural biotechnology and fisheries science subjects through education, research and extension. *As per Indian Council of Agricultural Research, New Delhi, the university is at number one position among all the agricultural universities of Gujarat and at number fifth position among all the state agricultural universities of India.*
