'Certificate Course in Turfgrass Management'

Introduction to course

Turfgrass industry is a multibillion-dollar industry in the developed nations. Even in India, due to huge popularity of sports among the common public, the growth of sport fields (cricket, football and golf courses) is in a fast pace. Due to continuous and steady enhancement in the standard of living, real estates (aesthetic landscape) and industrial parks (SEZs) have grown up tremendously. Turfgrasses are very important ingredients in any of the above landscape. Thus, a fast phenomenal growth requires technically sound personnel with excellent turfgrass management expertise. The availability of turfgrass management professionals so far is very limited; hence, the management of respective organization has been forced to hire overseas staff (this is very true for golf courses). In the USA alone, more than 35 universities are running turfgrass management courses. Unfortunately, in India not a single institution offers course in turfgrass management.

Under such scenario, there is a constant demand for well-trained turfgrass managers, golf superintendants, golf course manager, ground's man, etc. Turfgrass industry is also a money spinning business for technically sound youth. Hence, the proposed course will open up a world of opportunities for the graduate students and professionals. The curriculum is designed for students who are seeking a strong background in applied turfgrass science and entry into turf and sod industry upon graduation. Indian sports industry is expanding leaps and bounce and it has come up with some of the finest golf courses, cricket grounds and large industrial parks. This certificate course is aimed to insure a bright profession for the students of country. The enrolled students will be benefitted in terms of both career progression and enhancement of field skills.

Curriculum:

The proposed course will broadly cover the topics such as Introduction to turfgrass, Soil management for turfgrass, Turf establishment, Water management, Nutrient management, Turfgrass maintenance, Pest & disease management, Project economics as well as two months of hands on training at popular golf courses and sports field of India.

Training style:

The training style will be participative and action oriented at golf courses and grounds. The emphasis will be on learning through experiences along with theories. Group assignments, discussions, hands on training, dissertation, etc. would be in interactive modes.

Course faculty:

Faculty for the course will include experts of applied agricultural sciences from Navsari Agricultural University as well as invited lecturers / experts having sound knowledge and current practices specific to the turfgrass from Golf Course Superintendents & Managers Association of India (GCS&MAI) and similar organizations. The course will be conducted under guidance of Dr. B.N. Patel, Dean, ASPEE College of Horticulture and Forestry, NAU, Navsari.

Fee structure (INR):

Corporates	:	50,000
IGU, BCCI, etc	:	25,000
Bonafide Students	:	15,000

Medium: English
